References

Part A: References

Use the pages provided to obtain one reference from each of the following three populations for a total of three references:

- Parent or Guardian
- Another *adult* who knows you well (ex: family friend, pastor, teacher, employer...)
- Other (any age – could be a sibling, friend, or another adult)

Part B: Response

Once you receive the three reference pages back from your chosen people, read over what they wrote and respond to the following questions in a neat, organized paragraph:

1. Based on the responses from your References in Part A, what do *other people* see as your greatest strengths, gifts and abilities?
2. What do *you* see as your greatest strengths, gifts and abilities? In what ways have you seen these displayed in your life?
